INDEX OF SUBJECTS

Bengal gram, nitrate assimilation and total reduced N (Pokhriyal and Abrol), 127

Beyond the Green Revolution. The Ecology and Politics of Global Agricultural Development, by K. Dahlberg, reviewed by N. W. Simmonds, 215

Breeding Field Crops (2nd edn), by J. M. Poehlman, reviewed by F. J. W. England, 438

Camellia sinensis, see Tea

Chickpeas, phenology in contrasting aerial environments (Roberts, Summerfield, Minchin and Hadley), 343

Cicer arietinum, see Bengal gram, Chickpeas

Cocoa, adjustment by neighbouring plots in progeny trials (Lockwood), 81

Coconut, young, effects of NPK fertilizers (Loganathan and Balakrishnamurti), 41

Cocos nucifera, see Coconut

Coffea arabica, photosynthesis, I. Effects of light and temperature (Kumar and Tieszen), 13; II. Effects of water stress, 21

Computer Modelling in Agriculture, by N. R. Brockington, reviewed by R. H. Fawcett, 437

Corn, effects of intercropping on yield and returns (Reddy, Reddy and Reddy), 179

Cowpea and soyabean, estimating leaf areas using dry weights of terminal leaflets (Nangju and Wanki), 149

Cowpea, varietal response to a range of densities in a forest zone (Remison), 210

Crotalaria juncea, see Legume forages

Cutting, effects on mulberry cultivars (Chew, Joseph, Adam, Ramli and Zulkifly), 75

Density, plant and canopy, effects on seed yield and oil content of white lupin (McGibbon and Williams), 409

Dioscorea, see Yams

Experiments for intercropping research, designing (Mead and Stern), 329

Fertilizer response of napier grass under different soil conditions in Brunei (Williams), 415

Fluid drilling, effects of seed carriers on seedling establishment after (Darby), 153

Glycine max, see Soyabean

Green revolution methodoly in Nigeria (Waterworth), 1

Growth variation in young vegetatively propagated tea (Kathiravetpillai and Kulasegaram), 399

Intercropping, effects on yield and returns in corn and sorghum (Reddy, Reddy and Reddy), 179

Intercropping, evaluation of yield stability in: sorghum/pigeonpea (Rao and Willey), 105

Intercropping combinations based on pigeonpea or sorghum, preliminary studies (Rao and Willey), 29

Intercropping research, designing experiments (Mead and Stern), 329

Intercrops, ratio for quantifying competition between (Willey and Rao), 117

Legume forages, dry-season, to follow paddy rice in N.E. Thailand. I. Species evaluation and effectiveness of native rhizobium for nitrogen fixation (Shelton), 57; II. Soil fertility and planting methods (Shelton), 67; III. Influence of time and intensity of cutting on *Crotalaria juncea* (Kessler and Shelton), 207

Lemontrees, development, yield and leaf nutrient levels on eight rootstocks (Levy, Shaked and Ashkenazi), 49

Lime, and flue-cured tobacco in Malaysian tropical peat (Chew, Joseph, Adam and Ramli), 169

Low-resource farmer conditions and evaluation of technical innovations (Flinn and Lagemann), 91

Lupinus albus, see White lupin

Macronutrients, effects on mulberry cultivars (Chew, Joseph, Adam, Ramli and Zulkifly), 75

Maize, effects of no-tillage and ploughing on roots (Maurya and Lal), 185

Maize, pigeonpea and maize/pigeonpea intercrop, growth and resource use in an operational research watershed (Sivakumar and Virmani), 377

Maize, rain-fed, weed and fertility management in (Guleria and Singh), 195

Maize and sorghum, performance as forages in irrigated saline soils (El Karouri and Mansi), 431
Methods of Studying Root Systems, by W. Böhm, reviewed by R. Q. Cannell, 437
Mixed cropping in Northern Nigeria. IV. Extended trials with cereals and groundnuts (Baker), 361
Morus alba, see Mulberry
Mulberry cultivars in Malaysian peat, effects of macronutrients and cutting (Chew, Joseph, Adam, Ramli and Zulkifly), 75

N, total reduced, and nitrate assimilation in Bengal gram (Pokhriyal and Abrol), 127
Napier grass, fertilizer response under different soil conditions in Brunei (Williams), 415
Nigeria, green revolution methodology (Waterworth), 1
Nitrate assimilation and total reduced N in Bengal gram (Pokhriyal and Abrol), 127
No-tillage, effects on roots of maize and leguminous crops (Maurya and Lal), 185
NPK fertilizers, effects on young coconut (Loganathan and Balakrishnamurti), 41

Operational research, and maize/pigeonpea intercrop (Sivakumar and Virmani), 377

Pennisetum purpureum, see Napier grass
Photosynthesis in *Coffea arabica*. I. Effects of light and temperature (Kumar and Tieszen), 13; II. Effects of water stress
Pigeonpea, in intercropping combinations (Rao and Willey), 29
Pigeonpea, intercropping with sorghum, evaluation of yield stability (Rao and Willey), 105
Pigeonpea, maize and maize/pigeonpea intercrop, growth and resource use in an operational research watershed (Sivakumar and Virmani), 377
Plant Breeding Perspectives, ed. by J. Sneep and A. J. T. Hendriksen, reviewed by N. W. Simmonds, 103
Potato, comparisons of yields of four varieties in trials and in agriculture (Simmonds), 393
Power Guide, The: A Catalogue of Small Scale Power Equipment, compiled by P. Fraenkel, reviewed by H. Dickinson, 437
Preflooding and temperature, effects on rice yields (Young), 425
Pre-sowing flooding, rainfall, irrigation and surface drainage, effects on sesame (Hack), 137

Rice, effects of temperature and preflooding on yields (Young), 425

Saline soils, irrigated, performance of sorghum and maize as forages (El Karouri and Mansi), 431
Seed carriers, effects on seedling establishment after fluid drilling (Darby), 153
Seed Treatment, ed. by K. A. Jeffs, reviewed by J. R. Thomson, 103
Sesame in central Sudan, effects of flooding, rainfall, irrigation and drainage (Hack), 137
Sesamum indicum, see Sesame
Short Notices, by N. W. Simmonds, 438
Single-crop agri-silviculture, effects on soil analysis (Ojeniyi and Agbede), 371
Small Scale Irrigation for Experimental Agriculture, by Peter Stern, reviewed by I. M. Johnson, 438
Soil analysis, effects of single-crop agri-silviculture on (Ojeniyi and Agbede), 371
Sorghum, effects of intercropping on yield and returns (Reddy, Reddy and Reddy), 179
Sorghum, in intercropping combinations (Rao and Willey), 29
Sorghum, intercropping with pigeonpea, evaluation of yield stability (Rao and Willey), 105
Sorghum and maize, performance as forages in irrigated saline soils (El Karouri and Mansi), 431
Sorghum vulgare, see Sorghum
Soyabean and cowpea, estimating leaf areas using dry weights of terminal leaflets (Nangju and Wanki), 149
Soyabean cultivars in Malaysia, effects of close planting on (Chew, Chew, Abdul Razak, Ariffin and Malek), 175
Soyabeans, yield stability studies (Funnah and Mak), 387

Tea, vegetatively propagated, variation in growth (Kathiravetpillai and Kulasegaram), 399
Technical innovations, evaluation under low-resource farmer conditions (Flinn and Lagemann), 91
Temperature and preflooding, effects on rice yields (Young), 425

Tobacco, flue-cured, in Malaysian tropical peat, influence of lime and macronutrients (Chew, Joseph, Adam and Ramli), 169

To Feed this World; the Challenge and the Strategy, by S. Wortman and R. W. Cummins, reviewed by N. W. Simmonds, 215

Vigna unguiculata, see Cowpea

White lupin, effects of plant and canopy density on seed yield and oil content (McGibbon and Williams), 409

Yams, dry matter accumulation and tuber sprouting in (Okoli), 161

Yields of four potato varieties in trials and in agriculture compared (Simmonds), 393

Yield stability studies in soyabeans (Funnah and Mak), 387

Zea mays, see Maize

INDEX OF AUTHORS

Abdul Razak, H. A. H., *see* Chew, W. Y.
Abrol, Y. P., *see* Pokhriyal, T. C
Adam, M. A., *see* Chew, W. Y.
Agbede, O. O., *see* Ojeniyi, S. O.
Ariffin, B., *see* Chew, W. Y.
Ashkenazi, S., *see* Levy, Y.
